

"No Hassle" Chassis Exchange Program

"Providing reliable control panel service for up to six (6) years!"

NAE "NO HASSLE" CHASSIS EXCHANGE PROGRAM

North American Electric's "No Hassle" Chassis Exchange Program is a revolutionary motor control panel warranty designed to keep you up and running. Our "No Hassle" Chassis Exchange Program makes it easy to exchange your soft starter or VFD chassis without needlessly having to purchase a chassis while at the same time minimizing unplanned downtime.

"BUMPER TO BUMPER" COVERAGE

Your entire panel is further protected with our three (3) year "Bumper to Bumper" coverage, and includes "Lightning & Surge" Protection covering momentary anomaly including line side events such as lightning, surge and severe over voltage, and load side events such as single phasing, phase reversal and voltage unbalance.

* Your panel must be installed by an Authorized Installer. An Authorized Installer is someone selected by the Distributor or OEM who has the training, knowledge, and experience to properly install the panel, including proper grounding, and who has the authority to ensure that the work is done properly. If the panel is not installed and grounded properly then the warranty will be void.

Visit our website at www.naemotors.com/No_Hassle_Chassis/ for complete terms and conditions.

"NO HASSLE" CHASSIS EXCHANGE PROGRAM WARRANTY

NAE's "No Hassle" Chassis Exchange Program Warranty period is three (3) years from the date of delivery, and must be activated by an Authorized Installer*. This warranty protection may be extended to cover the chassis or the entire panel for up to six (6) years!

Program warranty benefits include:

- Lightning, surge and severe over voltage protection
- Single phasing, phase reversal and voltage unbalance protection
- "Bumper to Bumper" panel coverage
- Same day shipment of exchange chassis (Next Day Air, Second Day Air and Hot Shot Service is available for an additional charge)
